

Wish List

Many parents have expressed wanting to “give back” in some way to the program. Sharing a talent, volunteering in the classroom, or participating in an advisory group are all possibilities. Some parents have asked if there is equipment or supplies we need for the program. Our storage space is limited, so please contact us first if you have larger items you’re considering donating, but we are always appreciative of the following items:

- High quality children’s books (preferably hardback) appropriate for ages birth to five years old
- Selected instructional materials we’ve found in catalogs

Recycled items from home that can be used in art projects –it’s best to find out from your child’s teacher what we are low on, so that we don’t end up with a mountain of toilet paper rolls...☺
